

Although it only lasted 4 hours on Sunday, October 30th, our first low-cost vaccine clinic served 60 pets...many arriving in the first hour. The clinic offered low-cost vaccinations for cats and dogs, deworming, flea and heartworm treatment, heartworm and FIV/FelVtesting, microchipping and nail trims. Pet owners were overwhelmingly pleased to have an convenient option for having their pets treated at very reasonable prices.

The event was a success with the public and also helped reTails much-needed funding for our store expansion. Although no dates have been set, it is expected that reTails will be holding more such clinics in 2012.
